

GENERAL PRICING

- 1) Existing AT&T Customers will transition to new rates beginning no later than September 1, 2011.
- 2) Greenwood MIS with Co-Location Services with a pre-built rack within an AT&T Central Office along with a direct connection to the AT&T IP Backbone:

DIR hereby agrees to pay AT&T TWO THOUSAND FIVE HUNDRED AND NO/100 DOLLARS (\$2,500.00) monthly for Greenwood co-location services for a total annual value of THIRTY THOUSAND AND NO/100 DOLLARS.

DIR hereby agrees to pay AT&T EIGHT THOUSAND TWO HUNDRED FIFTY ONE AND NO/100 DOLLARS (\$8,251.00) monthly for MIS 1 Gig Baseline Port for 36 months. The early service termination cost is 50% of the monthly recurring charges.

Pricing Terms and Conditions

These Pricing Terms and Conditions apply only to Services administered under the TEX-AN NG Contract: DIR - TEX-AN-NG CTSA 005.

These Pricing Terms and Conditions are of general applicability except where specific alternative treatment of the subject is stated.

Term Requirements:

- 1) Non Recurring Charges (NRC) apply for Local Services which are offered on a Month to Month basis.
- 2) Unless otherwise stated, Non Recurring Charges for all Services, including Smart Trunks are waived contingent upon Customer maintaining Services for period of no less than 24 full months otherwise, the waived installation fees will be recovered by AT&T from customer. This is not applicable to custom, MIS or Advanced Features.
- 3) Non Recurring Charges may apply for custom, ICB, Emerging Technologies or Advanced Features as defined in the pricing schedule.
- 4) Managed Internet Service (MIS) Ports and its associated components term is equivalent 30 month minimum term period per line without exception.

Flat rate MIS: rates for the MIS port are contingent on port bundled with access for T1, NXT1, and DS3 access speeds where access is purchased from AT&T (total service bundle required).

MIS Fast Ethernet: Rates for the MIS port are contingent on a bundled offer with the Ethernet access. EAMIS is sold as a total service. Subject to the standard availability and qualification of the EAMIS product as documented in the Guidebook. MIS Fast Ethernet port only pricing can be used whenever the Ethernet access is existing and belongs to the AT&T LEC SBC.

Minimum payment period of 30 months is required on all individual service components of product. Installation charges waived. Full recovery of waived installation fees is required if minimum payment period is not met.

- 5) Repaying of previously waived installation charges or early service termination cost will not apply to disconnects as an SLA remedy for Chronic conditions as set forth in Attachment D-1 to Exhibit D, Performance Management of the CTSA.
- 6) Fiber based Services (See Exhibit C / Attachment C-1 Pricing CSME, Opteman, Gigaman and EPLSWAN) require a 2 year term per individual line / circuit installed. If the commitment time period is not met, the early service termination cost shall be recovery of the previously waived NRC, except for Gigaman. The early service termination cost for Gigaman is 50% of the monthly recurring charges.

- 7) For rate elements not found in the Pricing Sheets, either Service Guide rates or existing Tariff rates, rules and regulations will apply for all Local Services and all existing services that have been ordered and provisioned prior to the Effective Date of this Amendment. However, in order for a Customer to order rate elements for any other services that are not reflected in the Pricing Sheets, such rate elements must first be reviewed and approved by AT&T and DIR, and added to the Pricing Sheets via execution of a mutually agreed Amendment.
- 8) Services assume AT&T Texas facilities exist and no special construction will be required. If special construction is required and it results in a higher rate for the specific service, then DIR and /or the Customer, as appropriate, will have the option to accept the new rate or withdraw the request for that specific service.
- 9) Customer initiated changes to the service delivery model that require changes in the service delivery elements such as central offices, fiber distribution systems, platforms, etc. may result in an adjustment in the Customer price. Example: customer requests copper service delivery changed to fiber and may result in adjusted pricing.
- 10) Certain products and services that are offered by AT&T are subject to our quality control lifecycle management process. This includes notification of product retirement, sales hold, grandfather date, sunset date and end of life date. AT&T will consult DIR and its Customers to offer migration strategies to the newer emerging technologies.

Term Requirements:

LD Voice Rates: If AT&T's billing system limitations prevent the implementation of net effective rates to the precision shown below, net effective rates may be rounded, not truncated, as necessary to implement rates as accurately as possible. AT&T will notify DIR of any variation in the OneNet rating as stated in the F-18 Billing Plan.

Local Access: Non-standard Local Access Pricing has been approved for DS3, OC3, OCX, Fiber/Ethernet based access with the following contingency. Access pricing is being differentiated by In-Franchise (served by AT&T) vs. Out-of-Franchise (3rd party providers). Pricing approved is only applicable where AT&T is the Incumbent Local Exchange Carrier (ILEC), where facilities are available, for Local Channels where AT&T Corp or an AT&T Affiliate or Subsidiary owns the facilities from the Customer Premises to the AT&T Central Office. Out of region locations will be reviewed on an ICB basis for pricing.

Fiber Based Access: If 3rd party provided service and does not terminate within AT&T POP or AT&T Central Office, customer will be responsible for payment of all 3rd party service surcharges.

Fiber Based Access: These rates are contingent upon completion of a facility check. These rates cannot be included in a contract unless the results of a facility check are provided by the account team. If the facility check results in a one-time Non Recurring Charge (NRC), that charge must be included in the contract incremental to the rates stated above.

MPLS (AVPN): AVPN discounts authorized when access is provided by AT&T Corp (aka Total Service). Stand alone AVPN port purchase not supported by this pricing agreement. Clear Channel access for AVPN is included in the rates provided.

CO-LOCATION

<ul style="list-style-type: none"> Co-location Services 	<ul style="list-style-type: none"> AT&T Co-location Services is a hosting and application services solution that provides conditioned data center space, power, connectivity, and IT support for your hosted IT infrastructure. Co-location Services gives you a highly secure, reliable, and scalable foundation for your infrastructure and applications in an AT&T Internet Data Center (IDC). We provide Co-location Services from our 38 IDCs. Because we have so many IDCs and because they're on four continents, we have the global presence to serve multinational corporations whose employees or customers need distributed IT operations or worldwide access. In addition, our IDCs' multi-layered security, fail-safe redundancy, and network diversity help protect your system from intrusion or failure. To further support reliable hosting, IDCs guard against fluctuations in, or loss of, commercial power. For example, an uninterruptible power supply (UPS) helps keep voltage consistent. If an outage occurs, on-site batteries support the UPS while we power up generators. For longer commercial outages, diesel generators provide continuous power. We complement this infrastructure with redundancy in components and paths to help eliminate failure. As a result, our IDCs historically average over 99.999% availability, which surpasses the typical availability for data centers in their class. So, even in the unlikely event of commercial power loss combined with one or more failures in the IDC, your computing infrastructure continues to run.

PORTABILITY

AT&T will provide to DIR for portability allowances up to \$10,000 in a single month as a credit to negate normal termination liability charges for service moves that require a circuit to be relocated from one location to another location provided that the circuit disconnect order and new connect orders are issued within 30 days of each other.

DIR may on at least 30 days prior written notice to AT&T, terminate its use of any Service after the Service commencement date but prior to the end of the initial Service term, without payment of any applicable termination liability if:

- DIR places and AT&T accepts an order for a new, replacement Service of the same Service type with equal or greater capacity with a Service Term of not less than the remaining Service term of the Service being terminated.
- DIR pays all non-recurring charges applicable to the replacement service.
- The monthly recurring charges applicable to the replacement Service are not less than the monthly recurring charges payable for the Service being terminated.

ISG NODE

At DIR's option, it may reduce its operational costs for ISG nodes by terminating the associated OC3 circuits (2 per node). To exercise this option, DIR shall provide AT&T with thirty (30) days advance written notice of its intent to terminate the OC3 circuits in particular nodes. DIR may provide such notice as many times as necessary and at any time during the Term of the CTSA. Cost savings shall commence accruing to DIR on the next month's billing for the associated, terminated OC3 circuits. As ISG nodes are reduced, DIR can anticipate savings as outlined in the table below. Further cost reductions may also be available to DIR through additional ISG node eliminations.

ISG

Potential DIR cost reductions based on DIR ISG node eliminations.

LATA Name	area Name	PVC MRC	OC3 MRC	Monthly Savings	Annual Savings

AVPN

DIR will:

- 1) Allow on a case by case basis at the agency/customer level, the choice to strategic source and award AT&T as their sole source ATM/FRAME and MPLS (AVPN) provider through 12-31-2014.
- 2) Award AT&T Premium Services.

AT&T will:

- 1) hold firm the ATM/Frame prices for existing TEXAN 2000 customers through 3-31-2014 for customers that DO opt for AT&T MPLS AVPN if such customers have submitted orders to A&TT by December 31, 2013 and such migration is completed by March 31, 2014. However the ATM/Frame prices will be extended beyond March 31, 2014 in the event the AT&T installation interval for the MPLS AVPN service extends beyond March 31, 2014 due to AT&T's delay.
- 2) hold ATM/Frame prices for existing TEXAN 2000 customers through 3-1-2012 for customers that DO NOT opt for AT&T MPLS AVPN.
- 3) Additionally, AT&T will provide for a reasonable transition period of up to two weeks without dual network billing for customers transitioning from AT&T ATM/Frame to MPLS (AVPN).

The two week timeframe will begin on the date of installation of the circuit which shall not occur prior to the due date. Should the circuit be installed prior to the due date, the two week period will commence from the actual due date quoted.

Opting for AT&T MPLS AVPN was established by Customer submitting a signed letter of declaration indicating the decision to stay with AT&T and to migrate all AT&T ATM/Frame services to AT&T MPLS AVPN services by 12-31-2014. Such signed letter of declaration was delivered to AT&T prior to 12-31-2011. See Appendix C-1 of DIR-TEX-AN-NG-CSA-ICXXX.

Additional components for a UC solution that will also be required include: -AT&T MPLS or Transport to the UC Node -PSTN Trunking / SIP or Traditional PRI -Cisco IP Phones and local gateways for PSTN and SRST -Installation, training -50% Termination liability applies to rate elements of UCaaS and HVS listed above for the service(s) in place for the remaining months of the term.			

VOIP PRICING
<p>DIR will:</p> <p>1) Allow on a case by case basis at the agency/customer level, the choice to strategic source and award AT&T as their sole source ATM/FRAME and MPLS (AVPN) provider through 12-31-</p> <p>2) Award AT&T Premium Services.</p>
<p>AT&T will:</p> <p>1) For customers that <u>DO</u> opt for A I & I , A I & I will hold A I M/Frame prices for existing TEXAN 2000 customers through 12-31-2013.</p> <p>2) For customers that <u>DO NOT</u> opt for A I & I , A I & I will hold A I M/Frame prices for existing TEXAN 2000 customers through 3-1-2012.</p> <p>3) Additionally, AT&T will provide for a reasonable transition period of up to two weeks without dual network billing for customers transitioning from AT&T ATM/Frame to MPLS (AVPN).</p> <p>The two week timeframe will begin on the date of installation of the circuit which shall not occur prior to the due date. Should the circuit be installed prior to the due date, the two week period will commence from the actual due date quoted.</p> <p>Opting for AT&T shall be established by signing a letter of declaration to stay with AT&T and to migrate all AT&T ATM/Frame services to AT&T by 12-31-2014. The signed letter of declaration shall be delivered to AT&T prior to 12-31-2011. See Appendix C-1 of DIR-TEX-AN-NG-CTSA-005.</p>

----------------------------------	----------	----------------------	--	--

AT&T's IP FlexReach service provides a IP-SIP connection that will benefit DIR by providing higher call density per circuit installed with G.729 compression. This will allow the State of Texas to gain greater economy of scale for Local, LD and Toll Free calls.

Note: Non-Recurring Charges cannot be waived for the services in this category.

**PRICING WITH DIR COST RECOVERY FEE (CRF)
(CUSTOMER PAYS THIS AMOUNT)**

DIR will:

- 1) Allow on a case by case basis at the agency/customer level, the choice to strategic source and award AT&T as their sole source ATM/FRAME and MPLS (AVPN) provider through 12-31-2014.
- 2) Award AT&T Premium Services.

AT&T will:

- 1) For customers that DO opt for AT&T, AT&T will hold ATM/Frame prices for existing TEXAN 2000 customers through 12-31-2013.
- 2) For customers that DO NOT opt for AT&T, AT&T will hold ATM/Frame prices for existing TEXAN 2000 customers through 3-1-2012.
- 3) Additionally, AT&T will provide for a reasonable transition period of up to two weeks without dual network billing for customers transitioning from AT&T ATM/Frame to MPLS (AVPN).

The two week timeframe will begin on the date of installation of the circuit which shall not occur prior to the due date. Should the circuit be installed prior to the due date, the two week period will commence from the actual due date quoted.

Opting for AT&T, shall be established via the attached signed letter of election to stay with AT&T and migrate all AT&T ATM/Frame services to AVPN (MPLS) by 12-31-2014. The signed letter of declaration shall be delivered to AT&T prior to 12-31-2011. See Appendix C-1 of DIR-TEX-AN-NG-CTSA-005.

Cost Recovery Fee = 12%

**PRICING WITH DIR COST RECOVERY FEE (CRF)
(CUSTOMER PAYS THIS AMOUNT)**

DIR will:

1) Allow on a case by case basis at the agency/customer level, the choice to strategic source and award AT&T as their sole source ATM/FRAME and MPLS (AVPN) provider through 12-31-2014.

2) Award AT&T Premium Services.

AT&T will:

1) For customers that DO opt for AT&T, AT&T will hold ATM/Frame prices for existing TEXAN 2000 customers through 12-31-2013.

2) For customers that DO NOT opt for AT&T, AT&T will hold ATM/Frame prices for existing TEXAN 2000 customers through 3-1-2012.

3) Additionally, AT&T will provide for a reasonable transition period of up to two weeks without dual network billing for customers transitioning from AT&T ATM/Frame to MPLS (AVPN).

The two week timeframe will begin on the date of installation of the circuit which shall not occur prior to the due date. Should the circuit be installed prior to the due date, the two week period will commence from the actual due date quoted.

Opting for AT&T, shall be established via the attached signed letter of election to stay with AT&T and migrate all AT&T ATM/Frame services to AVPN (MPLS) by 12-31-2014. The signed letter of declaration shall be delivered to AT&T prior to 12-31-2011. See Appendix C-1 of DIR-TEX-AN-NG-CTSA-005.

Cost Recovery Fee = 12%

768 kbps	\$142.43	National Port or Port	\$1,400.00	Install Charge or One Time Charge

Installation charged apply if service disconnected within first 24 months.

Note: These rates are for Port Only service. Access circuits are priced from the Private Line Services Tab.

DS3 services assume AT&T Texas facilities exist and no special construction will be required. If special construction is required and it results in a higher rate for the specific service, then DIR will have the option to accept the new rate or withdraw the request for that specific service.

The following Frame Relay Services are for existing customer on the SBC TEXAN 2000 Service

New services for existing customers must be installed for 24 continuous months to waive the NRC.

Speed (Port Only Services)	MRC	MRC Description	NRC	NRC Description
56/64 kbps	\$45.85	Port - 56/64 kbps	\$58.24	Installation

DS3 services assume AT&T Texas facilities exist and no special construction will be required. If special construction is required and it results in a higher rate for the specific service, then DIR will have the option to accept the new rate or withdraw the request for that specific service.

**PRICING WITH DIR COST RECOVERY FEE (CRF)
(CUSTOMER PAYS THIS AMOUNT)**

DIR will:

- 1) Allow on a case by case basis at the agency/customer level, the choice to strategic source and award AT&T as their sole source ATM/FRAME and MPLS (AVPN) provider through 12-31-2014.
- 2) Award AT&T Premium Services.

AT&T will:

- 1) For customers that DO opt for AT&T, AT&T will hold ATM/Frame prices for existing TEXAN 2000 customers through 12-31-2013.
- 2) For customers that DO NOT opt for AT&T, AT&T will hold ATM/Frame prices for existing TEXAN 2000 customers through 3-1-2012.
- 3) Additionally, AT&T will provide for a reasonable transition period of up to two weeks without dual network billing for customers transitioning from AT&T ATM/Frame to MPLS (AVPN).

The two week timeframe will begin on the date of installation of the circuit which shall not occur prior to the due date. Should the circuit be installed prior to the due date, the two week period will commence from the actual due date quoted.

Opting for AT&T, shall be established via the attached signed letter of election to stay with AT&T and migrate all AT&T ATM/Frame services to AVPN (MPLS) by 12-31-2014. The signed letter of declaration shall be delivered to AT&T prior to 12-31-2011. See Appendix C-1 of DIR-TEX-AN-NG-CTSA-005.

Cost Recovery Fee = 12%

DS3, OC3 and OC12 services assume AT&T Texas facilities exist and no special construction will be required. If special construction is required and it results in a higher rate for the specific service, then DIR will have the option to accept the new rate or withdraw the request for that specific service.

**PRICING WITH DIR COST RECOVERY FEE (CRF)
(CUSTOMER PAYS THIS AMOUNT)**

DIR will:

- 1) Allow on a case by case basis at the agency/customer level, the choice to strategic source and award AT&T as their sole source ATM/FRAME and MPLS (AVPN) provider through 12-31-2014.
- 2) Award AT&T Premium Services.

AT&T will:

- 1) For customers that DO opt for AT&T, AT&T will hold ATM/Frame prices for existing TEXAN 2000 customers through 12-31-2013.
- 2) For customers that DO NOT opt for AT&T, AT&T will hold ATM/Frame prices for existing TEXAN 2000 customers through 3-1-2012.
- 3) Additionally, AT&T will provide for a reasonable transition period of up to two weeks without dual network billing for customers transitioning from AT&T ATM/Frame to MPLS (AVPN).

The two week timeframe will begin on the date of installation of the circuit which shall not occur prior to the due date. Should the circuit be installed prior to the due date, the two week period will commence from the actual due date quoted.

Opting for AT&T, shall be established via the attached signed letter of election to stay with AT&T and migrate all AT&T ATM/Frame services to AVPN (MPLS) by 12-31-2014. The signed letter of declaration shall be delivered to AT&T prior to 12-31-2011. See Appendix C-1 of DIR-TEX-AN-NG-CTSA-005.

Cost Recovery Fee = 12%

DS3, OC3 and OC12 services assume AT&T Texas facilities exist and no special construction will be required. If special construction is required and it results in a higher rate for the specific service, then DIR will have the option to accept the new rate or withdraw the request for that specific service.

**PRICING WITH DIR COST RECOVERY FEE (CRF)
(CUSTOMER PAYS THIS AMOUNT)**

Cost Recovery Fee = 12%

IP Services Gateway (ISG) System		
MRC Description	MRC	NRC
ISG DS1 TDM Port	\$106.40	
10/100/1000 Mbps Ethernet Port RJ45	ICB	
1Gbps Optical Ethernet Ports	ICB	

High Speed services assume AT&T Texas facilities exist and no special construction will be required. If special construction is required and it results in a higher rate for the specific service, then DIR will have the option to accept the new rate or withdraw the request for that specific service.

AT&T Ultraviable® Network - WPL

Pricing is based on the customer's unique requirements. Pricing typically includes:

Charge Category	Charge Name	Pricing
One-Time Charges	Design, engineering and implementation professional services	ICB Required
	Equipment	
	Fiber cable	
Fixed Recurring Charges	Ultraviable Maintenance Center (UMC) management, monitoring and	ICB Required
	Lifecycle management services	

Ultraviable® Network contracts also include incremental channel growth pricing that allows the Customer estimate network growth costs and to add channels to their networks without contract amendments.

TELECOMMUNICATION FEES AND SURCHARGES

Local Voice Services Fees and Surcharges

Item	Amount	Description	Statutory Citation for Authority to Assess	Exempt Customers
911 Emergency Service Fee	\$0.00 - \$0.50	A business service user that provides residential facilities and owns or leases a private telephone switch used to provide telephone service to facility residents shall collect the 9-1-1 emergency service fee and transmit the fees monthly to the comptroller.	Texas Health and Safety Code, Section 771.071	State and all its Agencies are exempt from all fees imposed under Subchapter D, Chapter 771 (Health and Safety) and Chapter 772 (HHS)
911 Equalization Surcharge	0.0% - 1.0%	A business service user that provides residential facilities and owns or leases a private telephone switch used to provide telephone service to facility residents shall collect the 9-1-1 emergency service fee and transmit the fees monthly to the comptroller.	Texas Health and Safety Code, Section 771.072	State and all its Agencies are exempt from all fees imposed under Subchapter D, Chapter 771 (Health & Safety Code) and Chapter 772 (Health & Safety Code) by Section 771.074, Health & Safety Code.
Texas Universal Service Fee (USF)	0.0% - 3.4%	(USF) is the charge carriers pay the government on certain communication services. The USF supports high cost, rural & insular areas and low-income customers; as well as schools, libraries & rural health care providers. The USF rate is subject to change on a quarterly basis and is determined by the Universal Service Administrative Company (USAC).	16 Texas Administrative Code, Section 26.420(f)(5) *	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §§56.021, 56.022, 56.107, 56.155 Utilities Code.
Expanded Local Calling Surcharge	\$0.00 - \$7.00 plus \$1.50 for each exchange in excess of five (5)	If the cost of providing ELCS exceeds the revenues the company offering the service receives, state law allows the telephone company to surcharge all of its customers in Texas to cover the lost revenue.	Public Utilities Regulatory Act (PURA) 55.048 (c)	No exemptions.
Municipal Franchise Fees	\$0.63 - \$6.83	54.206. RECOVERY OF MUNICIPAL FEE. (a) A holder of a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority has the right to collect a fee that a municipality imposes under Section 54.204 or 54.205 through a pro rata charge to the customers in the boundaries of the municipality.	Texas Utilities Code, Section 54.206	No exemptions.
EUCL-End User Common Line Charge (Customer Subscriber Line Charge)	Percentage varies	Cost Recovery: "A charge that is expressed in dollars and cents per line shall be assessed to local exchange telephone service or Centrex service to the extent they do not pay carrier common line charges.	47 Code of Federal Regulations, Section 69.152 *	No exemptions.
FUSF- Federal Universal Service Fund	0.0% - 17.4%	The fees collected go towards a fund that pays for Internet access to schools and libraries and rural health care providers. The fund will also allow for the provision of local telephone service to the poor and for people living in rural areas where it's generally more expensive to local telephone companies to run telephone lines. Wireless carriers and pay-telephone providers also contribute to the fund.	47 Code of Federal Regulations, Section 54.712 *	No exemptions.
Federal Excise Tax	0.0% - 3.0%	The federal telephone excise tax is a statutory federal excise tax imposed under the Internal Revenue Code in the United States under 26 U.S.C. § 4251 on amounts paid for certain "communications services."	26 United States Code Annotated, Section 4251	State, its Agencies and all political subdivisions are exempt from all taxes imposed under 26 USC §§4253(i) and (j).
State Sales Tax	0.0% - 6.25%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Section 151.051	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §151.309 Tax Code.
Local Sales Tax	0.0% - 2.0%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Sections 321.101, 321.201 & 321.301	State, its Agencies and political subdivisions are exempt from all local taxes under §321.208 (Municipalities) and §323.207 (Counties) Local Tax Code. Assistance Organizations may be exempt under §151.310 Tax Code.
State Franchise tax or Fee	0.70%	Assessed to corporations doing business in the State of Texas	Texas Tax Code 171.001, .002, .065 and .080. Public Utilities Regulatory Act (PURA) Section 53.202	All governmental entities are exempt.
Carrier Line Charge (CLC-1 & CLC-2)	\$.027 per MLB \$.004 per centrex line	The CLC is a regulatory surcharge that is designed to recover AT&T's PICC expense. The PICC is a monthly charge local companies can assess long-distance companies. The PICC is based on the number of phone lines subscribed to a long-distance company, and is intended to help local companies recover costs associated with providing local exchange service. Per the FCC, the PICC is paid directly to the local phone companies by the presubscribed interexchange carrier.	FCC	

Administrative Expense Fee (AEF)	0.88%	AEF is a charge AT&T utilizes to recover the administrative costs of managing the USF program. On 12/13/02, the FCC issued an order which dictated that beginning 3/1/03 carriers were no longer warranted the latitude to mark up their USF rates to include administrative and other variable costs. It further stated that carrier's recovery rates must be no greater than that of the USF factor itself. The order did acknowledge the significant burden on carriers and does allow for the recovery of administrative costs via a separate and distinct factor. AT&T developed and implemented the AEF fee 3/1/03.	FCC	
Universal Connectivity Charge (UCC)	13.60%	This charge recovers expenses Carriers are assessed on behalf of the Federal Universal Fund that we are charged by the Government	FCC

Managed PBX Services (Centrex) Fees and Surcharges

Item	Amount	Description	Statutory Citation for Authority to Assess	Exempt Customers
911 Emergency Service Fee	\$0.00 - \$0.50	A business service user that provides residential facilities and owns or leases a private telephone switch used to provide telephone service to facility residents shall collect the 9-1-1 emergency service fee and transmit the fees monthly to the comptroller.	Texas Health and Safety Code, Section 771.071	State and all its Agencies are exempt from all fees imposed under Subchapter D, Chapter 771 (Health and Safety) and Chapter 772 (HHS)
911 Equalization Surcharge	0.0% - 1.0%	A business service user that provides residential facilities and owns or leases a private telephone switch used to provide telephone service to facility residents shall collect the 9-1-1 emergency service fee and transmit the fees monthly to the comptroller.	Texas Health and Safety Code, Section 771.072	State and all its Agencies are exempt from all fees imposed under Subchapter D, Chapter 771 (Health & Safety Code) and Chapter 772 (Health & Safety Code) by Section 771.074, Health & Safety Code.
Texas Universal Service Fee (USF)	0.0% - 3.4%	(USF) is the charge carriers pay the government on certain communication services. The USF supports high cost, rural & insular areas and low-income customers; as well as schools, libraries & rural health care providers. The USF rate is subject to change on a quarterly basis and is determined by the Universal Service Administrative Company (USAC).	16 Texas Administrative Code, Section 26.420(f)(5) *	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §§56.021, 56.022, 56.107, 56.155 Utilities Code.
Expanded Local Calling Surcharge	\$0.00 - \$7.00 plus \$1.50 for each exchange in excess of five (5)	If the cost of providing ELCS exceeds the revenues the company offering the service receives, state law allows the telephone company to surcharge all of its customers in Texas to cover the lost revenue.	Public Utilities Regulatory Act (PURA) 55.048 (c)	No exemptions.
Municipal Franchise Fees	\$0.63 - \$6.83	54.206. RECOVERY OF MUNICIPAL FEE. (a) A holder of a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority has the right to collect a fee that a municipality imposes under Section 54.204 or 54.205 through a pro rata charge to the customers in the boundaries of the municipality.	Texas Utilities Code, Section 54.206	No exemptions.
EUCL-End User Common Line Charge (Customer Subscriber Line Charge)	Percentage varies	Cost Recovery: "A charge that is expressed in dollars and cents per line shall be assessed to local exchange telephone service or Centrex service to the extent they do not pay carrier common line charges.	47 Code of Federal Regulations, Section 69.152 *	No exemptions.
FUSF- Federal Universal Service Fund	0.0% - 17.4%	The fees collected go towards a fund that pays for Internet access to schools and libraries and rural health care providers. The fund will also allow for the provision of local telephone service to the poor and for people living in rural areas where it's generally more expensive to local telephone companies to run telephone lines. Wireless carriers and pay-telephone providers also contribute to the fund.	47 Code of Federal Regulations, Section 54.712 *	No exemptions.
Federal Excise Tax	0.0% - 3.0%	The federal telephone excise tax is a statutory federal excise tax imposed under the Internal Revenue Code in the United States under 26 U.S.C. § 4251 on amounts paid for certain "communications services."	26 United States Code Annotated, Section 4251	State, its Agencies and all political subdivisions are exempt from all taxes imposed under 26 USC §§4253(i) and (j).
State Sales Tax	0.0% - 6.25%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Section 151.051	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §151.309 Tax Code.

Local Sales Tax	0.0% - 2.0%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Sections 321.101, 321.201 & 321.301	State, its Agencies and political subdivisions are exempt from all local taxes under §321.208 (Municipalities) and §323.207 (Counties) Local Tax Code. Assistance Organizations may be exempt under §151.310 Tax Code.
State Franchise tax or Fee	0.70%	assessed to corporations doing business in the State of Texas	Texas Tax Code 171.001, .002, .065 and .080. Public Utilities Regulatory Act (PURA) Section 53.202	All governmental entities are exempt.
Carrier Line Charge (CLC-1 & CLC-2)	\$.027 per MLB \$.004 per centrex line	The CLC is a regulatory surcharge that is designed to recover AT&T's PICC expense. The PICC is a monthly charge local companies can assess long-distance companies. The PICC is based on the number of phone lines subscribed to a long-distance company, and is intended to help local companies recover costs associated with providing local exchange service. Per the FCC, the PICC is paid directly to the local phone companies by the presubscribed interexchange carrier.	FCC	
Administrative Expense Fee (AEF)	0.88%	AEF is a charge AT&T utilizes to recover the administrative costs of managing the USF program. On 12/13/02, the FCC issued an order which dictated that beginning 3/1/03 carriers were no longer warranted the latitude to mark up their USF rates to include administrative and other variable costs. It further stated that carrier's recovery rates must be no greater than that of the USF factor itself. The order did acknowledge the significant burden on carriers and does allow for the recovery of administrative costs via a separate and distinct factor. AT&T developed and implemented the AEF fee 3/1/03.	FCC	
Universal Connectivity Charge (UCC)	13.60%	This charge recovers expenses Carriers are assessed on behalf of the Federal Universal Fund that we are charged by the Government	FCC	
Property Tax Allotment (PTA)	2.72%	The Property Tax Allotment (PTA) will be applied to all interstate and US billed international charges, excluding taxes, subject to billing availability. This is not a tax, but recovery of an expense that AT&T is required to pay. The USF supports high cost, rural & insular areas and low-income customers; as well as schools, libraries & rural health care providers. The USF rate is subject to change on a quarterly basis and is determined by the Universal Service Administrative Company (USAC).	16 Texas Administrative Code, Section 26.420(f)(5) *	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §§56.021, 56.022, 56.107, 56.155 Utilities Code.
Expanded Local Calling Surcharge	\$0.00 - \$7.00 plus \$1.50 for each exchange in excess of five (5)	If the cost of providing ELCS exceeds the revenues the company offering the service receives, state law allows the telephone company to surcharge all of its customers in Texas to cover the lost revenue.	Public Utilities Regulatory Act (PURA) 55.048 (c)	No exemptions.
Municipal Franchise Fees	\$0.63 - \$6.83	54.206. RECOVERY OF MUNICIPAL FEE. (a) A holder of a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority has the right to collect a fee that a municipality imposes under Section 54.204 or 54.205 through a pro rata charge to the customers in the boundaries of the municipality.	Texas Utilities Code, Section 54.206	No exemptions.
EUCL-End User Common Line Charge (Customer Subscriber Line Charge)	Percentage varies	Cost Recovery: "A charge that is expressed in dollars and cents per line shall be assessed to local exchange telephone service or Centrex service to the extent they do not pay carrier common line charges.	47 Code of Federal Regulations, Section 69.152 *	No exemptions.

FUSF- Federal Universal Service Fund	0.0% - 17.4%	The fees collected go towards a fund that pays for Internet access to schools and libraries and rural health care providers. The fund will also allow for the provision of local telephone service to the poor and for people living in rural areas where it's generally more expensive to local telephone companies to run telephone lines. Wireless carriers and pay-telephone providers also contribute to the fund.	47 Code of Federal Regulations, Section 54.712 *	No exemptions.
Federal Excise Tax	0.0% - 3.0%	The federal telephone excise tax is a statutory federal excise tax imposed under the Internal Revenue Code in the United States under 26 U.S.C. § 4251 on amounts paid for certain "communications services."	26 United States Code Annotated, Section 4251	State, its Agencies and all political subdivisions are exempt from all taxes imposed under 26 USC §§4253(i) and (j).
State Sales Tax	0.0% - 6.25%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Section 151.051	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §151.309 Tax Code.
Local Sales Tax	0.0% - 2.0%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Sections 321.101, 321.201 & 321.301	State, its Agencies and political subdivisions are exempt from all local taxes under §321.208 (Municipalities) and §323.207 (Counties) Local Tax Code. Assistance Organizations may be exempt under §151.310 Tax Code.
State Franchise tax or Fee	0.70%	assessed to corporations doing business in the State of Texas	Texas Tax Code 171.001, .002, .065 and .080. Public Utilities Regulatory Act (PURA) Section 53.202	All governmental entities are exempt.
Carrier Line Charge (CLC-1 & CLC-2)	\$.027 per MLB \$.004 per centrex line	The CLC is a regulatory surcharge that is designed to recover AT&T's PICC expense. The PICC is a monthly charge local companies can assess long-distance companies. The PICC is based on the number of phone lines subscribed to a long-distance company, and is intended to help local companies recover costs associated with providing local exchange service. Per the FCC, the PICC is paid directly to the local phone companies by the presubscribed interexchange carrier.	FCC	
Administrative Expense Fee (AEF)	0.88%	AEF is a charge AT&T utilizes to recover the administrative costs of managing the USF program. On 12/13/02, the FCC issued an order which dictated that beginning 3/1/03 carriers were no longer warranted the latitude to mark up their USF rates to include administrative and other variable costs. It further stated that carrier's recovery rates must be no greater than that of the USF factor itself. The order did acknowledge the significant burden on carriers and does allow for the recovery of administrative costs via a separate and distinct factor. AT&T developed and implemented the AEF fee 3/1/03.	FCC	
Universal Connectivity Charge (UCC)	13.60%	This charge recovers expenses Carriers are assessed on behalf of the Federal Universal Fund that we are charged by the Government	FCC	
Property Tax Allotment (PTA)	2.72%	The Property Tax Allotment (PTA) will be applied to all interstate and US billed international charges, excluding taxes, subject to billing availability. This is not a tax, but recovery of an expense that AT&T is required to pay. This expense represents the state and local property taxes imposed on AT&T for equipment and facilities AT&T utilizes to provide telecommunications.	FCC	
Federal Regulatory Fee (FRF)	2.14%	recovers amounts paid to the federal government for regulatory costs and telecommunications services for hearing impaired	FCC	
Federal Access Recovery Fee (FARF)	9.70%	recovers the regulatory fees (FUSF) that the Local Exchange Carriers (LECS) assess on AT&T in connection with obtaining the local access component	FCC	
Cost Recovery Fee (CRF)	% TBD	State of Texas Department of Information Resources Cost Recovery Fee / Contract Administration Fee	State of Texas DIR

Local Sales Tax	0.0% - 2.0%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Sections 321.101, 321.201 & 321.301	State, its Agencies and political subdivisions are exempt from all local taxes under §321.208 (Municipalities) and §323.207 (Counties) Local Tax Code. Assistance Organizations may be exempt under §151.310 Tax Code.
State Franchise tax or Fee	0.70%	assessed to corporations doing business in the State of Texas	Texas Tax Code 171.001, .002, .065 and .080. Public Utilities Regulatory Act (PURA) Section 53.202	All governmental entities are exempt.
Carrier Line Charge (CLC-1 & CLC-2)	\$.027 per MLB \$.004 per centrex line	The CLC is a regulatory surcharge that is designed to recover AT&T's PICC expense. The PICC is a monthly charge local companies can assess long-distance companies. The PICC is based on the number of phone lines subscribed to a long-distance company, and is intended to help local companies recover costs associated with providing local exchange service. Per the FCC, the PICC is paid directly to the local phone companies by the presubscribed interexchange carrier.	FCC	
Administrative Expense Fee (AEF)	0.88%	AEF is a charge AT&T utilizes to recover the administrative costs of managing the USF program. On 12/13/02, the FCC issued an order which dictated that beginning 3/1/03 carriers were no longer warranted the latitude to mark up their USF rates to include administrative and other variable costs. It further stated that carrier's recovery rates must be no greater than that of the USF factor itself. The order did acknowledge the significant burden on carriers and does allow for the recovery of administrative costs via a separate and distinct factor. AT&T developed and implemented the AEF fee 3/1/03.	FCC	
Universal Connectivity Charge (UCC)	13.60%	This charge recovers expenses Carriers are assessed on behalf of the Federal Universal Fund that we are charged by the Government	FCC	
Property Tax Allotment (PTA)	2.72%	The Property Tax Allotment (PTA) will be applied to all interstate and US billed international charges, excluding taxes, subject to billing availability. This is not a tax, but recovery of an expense that AT&T is required to pay. This expense represents the state and local property taxes imposed on AT&T for equipment and facilities AT&T utilizes to provide telecommunications.	FCC	
Federal Regulatory Fee (FRF)	2.14%	recovers amounts paid to the federal government for regulatory costs and telecommunications services for hearing impaired	FCC	
Federal Access Recovery Fee (FARF)	9.70%	recovers the regulatory fees (FUSF) that the Local Exchange Carriers (LECS) assess on AT&T in connection with obtaining the local access component	FCC	
Cost Recovery Fee (CRF)	% TBD	State of Texas Department of Information Resources Cost Recovery Fee / Contract Administration Fee	State of Texas DIR

MPLS Service Fees and Surcharges

Item	Amount	Description	Statutory Citation for Authority to Assess	Exempt Customers
911 Emergency Service Fee	\$0.00 - \$0.50	A business service user that provides residential facilities and owns or leases a private telephone switch used to provide telephone service to facility residents shall collect the 9-1-1 emergency service fee and transmit the fees monthly to the comptroller.	Texas Health and Safety Code, Section 771.071	State and all its Agencies are exempt from all fees imposed under Subchapter D, Chapter 771 (Health and Safety) and Chapter 772 (HHS)

911 Equalization Surcharge	0.0% - 1.0%	A business service user that provides residential facilities and owns or leases a private telephone switch used to provide telephone service to facility residents shall collect the 9-1-1 emergency service fee and transmit the fees monthly to the comptroller.	Texas Health and Safety Code, Section 771.072	State and all its Agencies are exempt from all fees imposed under Subchapter D, Chapter 771 (Health & Safety Code) and Chapter 772 (Health & Safety Code) by Section 771.074, Health & Safety Code.
Texas Universal Service Fee (USF)	0.0% - 3.4%	(USF) is the charge carriers pay the government on certain communication services. The USF supports high cost, rural & insular areas and low-income customers; as well as schools, libraries & rural health care providers. The USF rate is subject to change on a quarterly basis and is determined by the Universal Service Administrative Company (USAC).	16 Texas Administrative Code, Section 26.420(f)(5) *	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §§56.021, 56.022, 56.107, 56.155 Utilities Code.
Expanded Local Calling Surcharge	\$0.00 - \$7.00 plus \$1.50 for each exchange in excess of five (5)	If the cost of providing ELCS exceeds the revenues the company offering the service receives, state law allows the telephone company to surcharge all of its customers in Texas to cover the lost revenue.	Public Utilities Regulatory Act (PURA) 55.048 (c)	No exemptions.
Municipal Franchise Fees	\$0.63 - \$6.83	54.206. RECOVERY OF MUNICIPAL FEE. (a) A holder of a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority has the right to collect a fee that a municipality imposes under Section 54.204 or 54.205 through a pro rata charge to the customers in the boundaries of the municipality.	Texas Utilities Code, Section 54.206	No exemptions.
EUCL-End User Common Line Charge (Customer Subscriber Line Charge)	Percentage varies	Cost Recovery: "A charge that is expressed in dollars and cents per line shall be assessed to local exchange telephone service or Centrex service to the extent they do not pay carrier common line charges.	47 Code of Federal Regulations, Section 69.152 *	No exemptions.
FUSF- Federal Universal Service Fund	0.0% - 17.4%	The fees collected go towards a fund that pays for Internet access to schools and libraries and rural health care providers. The fund will also allow for the provision of local telephone service to the poor and for people living in rural areas where it's generally more expensive to local telephone companies to run telephone lines. Wireless carriers and pay-telephone providers also contribute to the fund.	47 Code of Federal Regulations, Section 54.712 *	No exemptions.
Federal Excise Tax	0.0% - 3.0%	The federal telephone excise tax is a statutory federal excise tax imposed under the Internal Revenue Code in the United States under 26 U.S.C. § 4251 on amounts paid for certain "communications services."	26 United States Code Annotated, Section 4251	State, its Agencies and all political subdivisions are exempt from all taxes imposed under 26 USC §§4253(i) and (j).
State Sales Tax	0.0% - 6.25%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Section 151.051	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §151.309 Tax Code.
Local Sales Tax	0.0% - 2.0%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Sections 321.101, 321.201 & 321.301	State, its Agencies and political subdivisions are exempt from all local taxes under §321.208 (Municipalities) and §323.207 (Counties) Local Tax Code. Premium Service Fees and Surcharges

Item	Amount	Description	Statutory Citation for Authority to Assess	Exempt Customers
911 Emergency Service Fee	\$0.00 - \$0.50	A business service user that provides residential facilities and owns or leases a private telephone switch used to provide telephone service to facility residents shall collect the 9-1-1 emergency service fee and transmit the fees monthly to the comptroller.	Texas Health and Safety Code, Section 771.071	State and all its Agencies are exempt from all fees imposed under Subchapter D, Chapter 771 (Health and Safety) and Chapter 772 (HHS)
911 Equalization Surcharge	0.0% - 1.0%	A business service user that provides residential facilities and owns or leases a private telephone switch used to provide telephone service to facility residents shall collect the 9-1-1 emergency service fee and transmit the fees monthly to the comptroller.	Texas Health and Safety Code, Section 771.072	State and all its Agencies are exempt from all fees imposed under Subchapter D, Chapter 771 (Health & Safety Code) and Chapter 772 (Health & Safety Code) by Section 771.074, Health & Safety Code.
Texas Universal Service Fee (USF)	0.0% - 3.4%	(USF) is the charge carriers pay the government on certain communication services. The USF supports high cost, rural & insular areas and low-income customers; as well as schools, libraries & rural health care providers. The USF rate is subject to change on a quarterly basis and is determined by the Universal Service Administrative Company (USAC).	16 Texas Administrative Code, Section 26.420(f)(5) *	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §§56.021, 56.022, 56.107, 56.155 Utilities Code.
Expanded Local Calling Surcharge	\$0.00 - \$7.00 plus \$1.50 for each exchange in excess of five (5)	If the cost of providing ELCS exceeds the revenues the company offering the service receives, state law allows the telephone company to surcharge all of its customers in Texas to cover the lost revenue.	Public Utilities Regulatory Act (PURA) 55.048 (c)	No exemptions.
Municipal Franchise Fees	\$0.63 - \$6.83	54.206. RECOVERY OF MUNICIPAL FEE. (a) A holder of a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority has the right to collect a fee that a municipality imposes under Section 54.204 or 54.205 through a pro rata charge to the customers in the boundaries of the municipality.	Texas Utilities Code, Section 54.206	No exemptions.
EUCL-End User Common Line Charge (Customer Subscriber Line Charge)	Percentage varies	Cost Recovery: "A charge that is expressed in dollars and cents per line shall be assessed to local exchange telephone service or Centrex service to the extent they do not pay carrier common line charges.	47 Code of Federal Regulations, Section 69.152 *	No exemptions.
FUSF- Federal Universal Service Fund	0.0% - 17.4%	The fees collected go towards a fund that pays for Internet access to schools and libraries and rural health care providers. The fund will also allow for the provision of local telephone service to the poor and for people living in rural areas where it's generally more expensive to local telephone companies to run telephone lines. Wireless carriers and pay-telephone providers also contribute to the fund.	47 Code of Federal Regulations, Section 54.712 *	No exemptions.
Federal Excise Tax	0.0% - 3.0%	The federal telephone excise tax is a statutory federal excise tax imposed under the Internal Revenue Code in the United States under 26 U.S.C. § 4251 on amounts paid for certain "communications services."	26 United States Code Annotated, Section 4251	State, its Agencies and all political subdivisions are exempt from all taxes imposed under 26 USC §§4253(i) and (j).
State Sales Tax	0.0% - 6.25%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Section 151.051	State, its Agencies and all political subdivisions are exempt from all taxes imposed under §151.309 Tax Code.
Local Sales Tax	0.0% - 2.0%	State and local taxes are collected on all basic telecommunications charges	Texas Tax Code, Sections 321.101, 321.201 & 321.301	State, its Agencies and political subdivisions are exempt from all local taxes under §321.208 (Municipalities) and §323.207 (Counties) Local Tax Code. Assistance Organizations may be exempt under §151.310 Tax Code.
State Franchise tax or Fee	0.70%	assessed to corporations doing business in the State of Texas	Texas Tax Code 171.001, .002, .065 and .080. Public Utilities Regulatory Act (PURA) Section 53.202	All governmental entities are exempt.
Carrier Line Charge (CLC-1 & CLC-2)	\$0.027 per MLB \$0.004 per centrex line	The CLC is a regulatory surcharge that is designed to recover AT&T's PICC expense. The PICC is a monthly charge local companies can assess long-distance companies. The PICC is based on the number of phone lines subscribed to a long-distance company, and is intended to help local companies recover costs associated with providing local exchange service. Per the FCC, the PICC is paid directly to the local phone companies by the presubscribed interexchange carrier.	FCC	

Administrative Expense Fee (AEF)	0.88%	AEF is a charge AT&T utilizes to recover the administrative costs of managing the USF program. On 12/13/02, the FCC issued an order which dictated that beginning 3/1/03 carriers were no longer warranted the latitude to mark up their USF rates to include administrative and other variable costs. It further stated that carrier's recovery rates must be no greater than that of the USF factor itself. The order did acknowledge the significant burden on carriers and does allow for the recovery of administrative costs via a separate and distinct factor. AT&T developed and implemented the AEF fee 3/1/03.	FCC	
Universal Connectivity Charge (UCC)	13.60%	This charge recovers expenses Carriers are assessed on behalf of the Federal Universal Fund that we are charged by the Government	FCC	
Property Tax Allotment (PTA)	2.72%	The Property Tax Allotment (PTA) will be applied to all interstate and US billed international charges, excluding taxes, subject to billing availability. This is not a tax, but recovery of an expense that AT&T is required to pay. This expense represents the state and local property taxes imposed on AT&T for equipment and facilities AT&T utilizes to provide telecommunications.	FCC	
Federal Regulatory Fee (FRF)	2.14%	recovers amounts paid to the federal government for regulatory costs and telecommunications services for hearing impaired	FCC	
Federal Access Recovery Fee (FARF)	9.70%	recovers the regulatory fees (FUSF) that the Local Exchange Carriers (LECS) assess on AT&T in connection with obtaining the local access component	FCC	
Cost Recovery Fee (CRF)	% TBD	State of Texas Department of Information Resources Cost Recovery Fee / Contract Administration Fee	State of Texas DIR	
	NOTE:	Refer to Section 5.0 Pricing Instructions, paragraph D for details.		
		Fees and Surcharges are subject to change.

Note:
Pricing is for the end point location
CoS not included for this service, CoS purchased separately
Any variation of the equipment, vendor or term requires an Individual Case Basis price
Pricing is for AVPN Flat Rate services, other services (e.g., AVPN High Cap Flex) requires an ICB price
Early termination is a prorated calculation of the months remaining on the term times the Early Termination Charge
Ethernet Access may not be available in all locations.
Installation Charges are determined on an individual case basis
Management of the equipment is negotiable

Note:

Pricing is for the end point location

CoS not included for this service, CoS purchased separately

Any variation of the equipment, vendor or term requires an Individual Case Basis price

Pricing is for AVPN Flat Rate services, other services (e.g., AVPN High Cap Flex) requires an ICB price

Early termination is a prorated calculation of the months remaining on the term times the Early Termination Charge

Ethernet Access may not be available in all locations.

Installation Charges are determined on an individual case basis

Management of the equipment is negotiable
